## **Pools...**

We will be looking at the pool and its operation. The goal: to maintain or improve the pool and its operations, plan for repairs and improvements and provide residents and guests with a positive experience that attracts more use. If you have ideas or feedback to the operations of the pool please let the board know what they are. It is foreseeable that there may be some minor changes while we are researching the bigger picture. Please remember to thank your pool attendants as they work hard to keep the pool in top shape for us to enjoy. Please respect the pool rules and enjoy your summer fun!
